

TELEGRAPH NOTES.

WASHINGTON, Aug. 27.—Chas. L. Glasscock, of this city has filed a suit for absolute divorce from his wife and names Senator Stewart, of Nevada, as co-respondent. Senator Stewart says it is a case of black-mail.

YOKOHAMA, Aug. 27.—The war feeling here is growing more intense every day and there is a great popular demand for the transfer of the warlike operations from Korea to China. It is suggested that Japan unite all available troops and march upon Peking immediately.

The commercial treaty between Great Britain and Japan was ratified on Saturday. HIAWATHA, Kan. Aug. 27.—A company of ex-employees of Pullman, Ill., backed by Chicago capital, has been organized to build car and general manufacturing shops at Hiawatha, Kan. Brown county citizens have raised \$50,000 in stock and Chicago capitalists \$200,000. Louis Meyer, president, and C. O. Allen will be in Hiawatha Tuesday to select their site and complete arrangements to begin work on the plant at once. C. O. Allen is the inventor of a new palace sleeping car for which Mr. Pullman offered him \$65,000 and a New York company \$80,000 and a royalty. The company will manage on the cooperative plan, though the capitalists are guaranteed 6 per cent. on their investment before the laborer comes in for his share. The company has control of five patents, and manufactures all kinds of railway equipment. Louis Meyer, president of the company, is the architect of the initial Pullman shops, and has been in the employ of that company ever since its organization. Eight hundred employees of the Pullman shops will come and begin the building of the works as soon as the preliminary arrangements are made.

CHICAGO, Aug. 27.—An appeal, signed by L. Meyer, president of the strikers' committee, was issued today to the charitable-inclined public, asking for contributions toward a fund to be used in transportation of Pullman unemployed to points where they will be able to obtain employment.

ESSEL, Prussia, Aug. 27.—A most dramatic scene was witnessed in the local court today. A miner named Lodz had been tried and convicted of insulting an imperial officer at a recent meeting of socialists. The court sentenced the prisoner to a fortnight's imprisonment. The moment sentenced was passed, Lodz drew a revolver and fired two shots at the judge, who fled from the bench in alarm, and unharmed. The desperate man then aimed the pistol at his own head and fired without effect. Some of the court officers at this time had regained their presence of mind, and Lodz was disarmed.

SAN FRANCISCO, Cal., Aug. 27.—A serious accident occurred this afternoon on the Chenery street grade of the San Francisco and San Mateo electric road. A funeral car returning from the cemetery became unmanageable and dashed down the grade at terrific speed. Nearly all of the passengers were women, who became panic-stricken and rushed to the rear platform. Several of them jumped and were thrown violently to the ground. Mrs. Henry Hortsman, Mrs. Laporte and Mrs. Welch were seriously injured that they were removed to St. Luke's hospital. Mrs. Hortsman is still unconscious and will probably die. The car ran on and crashed into another coach, but no serious damage was done. Two fatal runaways had occurred previously on this grade.

SEATTLE, Wash., Aug. 26.—The Coroner's Jury investigating the disaster in the Franklin coal mine Friday, in which thirty-seven men were killed, has rendered a verdict finding that the fire was started by unknown parties, who willfully, knowingly and maliciously desired to do great injury and damage to the lives of the employees and the property of the Oregon Improvement Company. It is believed that the person who fired the mine also perished.

ATLANTIC CITY, N. J., Aug. 26.—A single flash of lightning came from an almost cloudless sky this afternoon and killed William Carr, aged 20, of this city, who was bathing near the foot of George avenue. The same flash rang the fire alarm, tied up traffic on the electric railway and snapped a telegraph pole.

OMAHA, Aug. 25.—A conference of the Nebraska Democrats was held here today to discuss fusion with the Populists. No decision was reached and another meeting will be held next week.

ELWOOD, Ind., Aug. 25.—The window glass manufacturers of about thirty towns and cities in the gas belt have decided to demand a reduction in wages of three percent. The glass workers declare they will never submit to this reduction and will stay out rather than accept it. Nine thousand men will be affected by this move.

ST. PAUL, Aug. 25.—A murderer named Ermish, condemned to hang, was supplied with a revolver by unknown confederates. In the corridors today he opened fire on the turnkeys, wounding Deputy Sheriff Horst. He was driven into his cell and shackled.

WASHINGTON, Aug. 25.—While the Senate was considering business behind closed doors yesterday there slipped through the important bill appropriating \$9,000 to carry into effect the income tax provision of the tariff bill. This ends all controversy as to the preliminary arrangements for collecting the income tax.

The Mason Valley Creamery has shipped from Wahuska station, 95 tons of butter to San Francisco, 64 tons August 17th, and 3 tons August 22nd.

An old couple were walking down street the other day reading signs, when they ran across one which the old man read thus, Johnson's Shirt Store. "Well, I declare," exclaimed the old lady: "I wonder how he tore it."

One thousand carloads, or about 10,000 tons of alfalfa hay will be shipped from Lovelock to California this fall. This means about \$80,000 which the farmers of Big Meadows will receive from this one source.

Two Arizona young ladies while on a visit to Los Angeles saw in a photographer's show case a picture of some pretty girls peering through a hole torn in a newspaper, says the Pomona Graphic. Seized with a desire to imitate the cute idea, these visitors hastened to a knight of the snapshot and had themselves camouflaged in a like position. The pictures were delivered. At first the young ladies were delighted with the likeness, but when several had been given away, mostly to their gentlemen friends, the girls made a horrid discovery. The photographer had used a morning daily for framing their pictures, and directly beneath where the two smiling faces appeared was the big display advertisement of a Spring street clothing house beginning thus: "There are no lies on us. Our overalls are reinforced in the seat."

Monuments For the Boundary.  
There have recently been received at the Mexican border two carloads of government freight consisting of the new line monuments and other necessities for the work of definitely marking the boundary line between the United States and Mexico. On the old monuments iron plates are to be affixed by means of bolts, on which is inscribed in raised letters: "Repaired by the boundary commission, created by the treaties of 1882-1889. The destruction or displacement of this monument is a misdemeanor punishable by the United States or Mexico."

The new monuments are of iron, 6 feet high from base to top of square, and 6 feet 6 inches high from base to apex. The shafts are tapering, being about 12 inches square at the base and 10 inches at the top of square, the crown tapering to a point. On one side of the shaft in raised letters is the following: "Boundary of the United States (under which an American eagle appears), treaty of 1853, re-established by treaties 1882-9. The destruction or displacement of this monument is a misdemeanor punishable by the United States or Mexico." These latter monuments will be bolted on the concrete base, 2 feet thick by 3 feet square and placed about two miles and four-tenths apart.—Dallas News.
